Susan (Dockins) Mohr Spencer

January 7, 1956 - January 10, 2023

Susan (Dockins) Mohr Spencer, age 67, of Buford, Ga passed away peacefully at her home Tuesday afternoon January 10th, 2023. She was surrounded by her family and dear friends.

Susan grew up in Maryville, TN. She was born a leader, serving on the student council at Lanier High School. She moved to Louisville, Ky at age 19 and began classes at U of L. Her first job in Louisville was with a local law firm before starting in real estate. She served in executive leadership positions at both Fannie Mae and Freddie Mac. As her career flourished, she lived in several states and developed many valuable friendships and professional associations. Susan was adventurous, always looking for a challenge, even partnering with friends to start a candle making business.

Susan met her soulmate, Morley Spencer, through E-Harmony. As she would often say, that was the best $99 she ever spent. They married September of 2008. Susan began working with Morley and helped to grow his already successful Engineering firm. Their associates at SBE were like family. Susan loved the adventures and cherished the friendships she developed while boating with Morley and later exploring the country with him in their RV, affectionately dubbed “The Road Pig”. She enjoyed planning fun events with her RV group that she so adored. She loved her family near and far. Her daughters were so thankful to have grown up with such a positive, strong,

independent, and loving role model. Susan loved candle making, graphic designing, boating on Lake Lanier, event planning and gathering her 1000's of followers for rallies all over the Southeast. There wasn't much that could stop her once she set her mind to something, like learning to drive their 43 ft Motorhome alone after Morley passed away. Susan was gracious and interacted as if she never met a stranger. She made people feel so welcomed and included – like family.

Susan's infectious laughter and beautiful soul will be truly missed by those who were blessed to have known her. Susan was preceded in death by her beloved Morley Spencer, her parents John Arthur and Mary Pauline Dockins, sister Judy Clark, and sister in law Tammy Dockins. She is survived by her daughters Michelle (Tony) Garr and Heather Mohr, grandsons Kurt(Julia) Garr, Kory Garr and Justin Powell, great granddaughter Ava Garr, siblings Loretta(Jim) Ryan, Paul (Jane) Dockins, Roger (Millie) Dockins, Bradley Dockins, nieces and nephews; Robyn Buchart, Barry Clark, Chris Dockins, David Dockins, Eddie Dockins, Jill Dockins, Shea Geisler, Kevin Ryan, Brandi Dyer, Heather Dockins, Matt Dockins, Laura Marks, Adam Marks, her SFAM Cathy Cunningham, and her beloved cat Nigel.

A celebration of Susan's life well lived will be held at 3:00pm on January 28th, 2023 at the Venue at Friendship Springs, 7340 Friendship Springs Blvd, Flowery Branch, GA 30542.

In lieu of flowers, please consider making a donation in Susan's honor to your favorite charity.

Like so many, I met Susan at an RV rally, the Key Limer Branson rally. She made me feel like she had known me forever. I am very much an introvert, and at the Indiana rally she put me in charge of the arrival of one of our members that was in the last stages of cancer. I was terrified, to say the least, but her encouragement and faith in me was something I really needed. The arrival and setup for our member was a success. Susan just had this knack for knowing what people needed most. I will never forget her, and I will miss her so very much. My deepest condolences to her family and friends.

I met Susan in 2016 when she started a "little camping group". Susan was (it's so hard to use "was" instead of "is"!) one of those rare people who instantly made you feel as though you had known her forever. Whether it was at a meetup or a rally, on a phone call or a message, in an email or a snail mail…..always the same.

She did so much for so many and she expected nothing in return. Her joy came from sprinkling joy around for others. Such a rare gift!

That "little camping group" now has over 15,000 members! I doubt that there will ever be a meetup or rally in which there's not a tribute or toast to Susan!

I like to think that when it was time for her to leave us here on earth, a beautiful Monarch butterfly flew down from heaven to take her home. (If you know, you know)

Fair winds and following seas
may forever you feel, upon your cheek, the salty breeze.
Your spirit lives on in many a heart,
your words captured and never to depart.
May your loved ones be comforted knowing
that heaven is where you are going.
For all that they have to do is look above,
and they will be reminded of your love.

Susan was the kind of person you felt like you could talk to almost as soon as you met her. Your concerns became her concerns, her empathy seemingly knew no bounds.. there was always time in her day for others and room in her heart to sincerely care and it seemed like she cared for everyone she met. There are precious few people in this world who care so much for so many as Susan... Fair winds and following seas, my friend, until we meet again.

Susan was an amazing person with a knack for making everyone feel special when you were together. She had such a quick wit and way with words I wish she had written a book it would have been a best seller for sure. She will be missed and never forgotten. I'll think of her and Sparky together again and smile.

Nancy and I have been "Key Limers" since 2016, Susan was such a joy to be around, A kind, warm, happy ray of sunshine all the time. We are all better people for knowing her, what a magical and wonderful time it was with Susan and Morley and the gang in the camping group. Heaven truly gained an angel!

I stumbled into an RV FB Group in June 2016 and met Susan online. A RV Meet & Greet was being planned for September of that year and I wanted to be a part of it. When we pulled our 5'er into Sugar Mill Campground in North GA Susan came right over and said..."omgeee Barbie, I feel like I've known you forever!" That was the first of many hugs I received from this sweet friend. We became instant friends. We had each other's backs from there on out. She had her hands in multiple things but would always make you feel like your issues were at the top. We've been through so much over these 7 plus years. She loved with every fiber of her being! I am so blessed to have had this amazing soul in my life. You have left a hole in my heart but I know I will see you again. RIH... ❤️

I met this beautiful, fun, adventurous person on Dock 5 one afternoon searching for a slip for our new boat. She was so friendly and her smile was contagious. We ended up on Dock 5 spending almost every weekend together. This person blessed my life in so many ways. This person became my "Sister from another Mother". As she put it " we just clicked in a nanosecond ". You will be so missed by so many. I love you

Five years ago, I lost my wife Rita to breast cancer. It was devastating. I was completely overwhelmed with grief. I did nothing for months. I started looking for something, anything to do to get my mind off my loss. Susan was planning a rally for our RV Group and I volunteered to help a little. Susan immediately put me in charge of the rally! I'd never even attended a rally before! How could I do this? I'd been a planner all my life, but this was something new. I threw everything into it to try and make it a success, with her looking over my shoulder and nudging me in the right direction. It took months to put together and it was a great success. And at the end, I realized that I hadn't done the rally, she had. She just saved a soul in the process. I loved Susan. I'll miss her more than anyone will know.
