“ My deepest sympathy for Marren and family in this sad time. I lived across the street from Babe and Marren for 11 years and knew them well. It was a safety zone for me at Lenox Park Place knowing they were there and we always had fun in the gardens. I will always cherish when Babe would run a quick errand or head home from the golf course with the convertible top down listening to and enjoying for sure his favorite music, music so lost on generations now. I watched Marren be so strong throughout Babe's health issues, there was a time things looked up and a set back came just before I moved away this past March. I miss them both, Carlos and I do very much and pray for the best for Marren and her family right now after Babe's passing. I like to think God knew just how special he was and he was needed now for a greater purpose that none of us can comprehend. All our love, Ian Brown & Carlos Gutierrez

“ I was saddened to hear of Babe's passing. I had the pleasure of working with Babe for several years. He was always kind and I enjoyed chatting about life and our favorite New York Rangers. I'll miss him.

“ Maren, Matthew, and Mark,

I was in shock when I got the text from Larry Musanti. "Babe" was so important to me. He served as a colleague, mentor and most importantly a Great Friend. I went out and played golf yesterday so that I could think about all the wonderful times we had on the golf course. Anthony will always be a big part of my life. Our prayers are with you. He was so happy to be with his family in Georgia!
