“ Dear Kirsty, Misael, Casey & Michael
So sorry to hear of the loss of your Grandmother but we can all feel she is in a much better place now without the pain and sickness she has endured. No doubt she is up there with Jesus now and enjoying eternal life on Heaven's Golden Shores! What a good feeling that is for all who knew her. I am the girl who was in the accident with her brother Cleveland who died in the accident. What a great loss for all of us then. The family has saved a grave spot for me beside him at the Fairview Cemetery. Although I never had the pleasure of knowing any of you, I know Betty loved all of you and her memories will help ease the sorrow. You were blessed to have her as your Grandmother. May God Bless and Keep each of you in His wonderful care. Rose Wharton Greenawalt

“ Betty I still remember the day we met so long ago we worked together at money back convenience store.. Became fast friends.. Then you introduced me to a beautiful little toddler your granddaughter Casey and I fell in love.. Those 2 girls were your life.. And even though you all moved away and we lost touch I still thought about you and MY babies often.. I'm glad I found the girls on Facebook and have had the opportunity to watch them raise their babies even though it has been through pictures and to see what a good job you did in raising them I know you're going to be very missed by everybody that knew you especially those girls and those great grand babies of yours Rest in paradise Betty give Theresa a hug from me you keep a watch over all those babies The Young and the adult Yours Truly Melody

“ Betty over the years, the two of us became one, by the grace of God! I will Continue to pour into those girls as you wished. As long as they are willing to reach out to me when they need something I love you for everything you've taught me about this un fair world. But the most important thing you've ever said to me was get to know Jesus and I love you for that Betty. You look absolutely stunning and at peace and smiling with that same smile you always had. This is not he end of your journey you planted seeds, we just need to Fertilize them. I will always love you buddy your eternally in my heart Yandry woman!
