“ One of our family's favorite times with Aunty Del was when we all stayed with her during the Atlanta Olympics in the summer of 1996. When we arrived she had made an "Olympic torch" that we ran around her backyard passing the "torch" to each other. Also each night after returning to her home from the day at the games, she had prepared a "midnight buffet" with special treats for all. She was always a fun caring person that you couldn't help but go away with many treasured memories.

“ She was known to us as “Mrs. D” and was a bonus grandmother to my two children (now 25 and 23) the years we were blessed to be her next door neighbors. My son submitted an essay about her for a “ My Hero” themed contest at school and my daughter still talks about her French toast. She was truly all that was good in our world. We will remember her always , grateful for the honor of knowing her.

“ I first met Delphine the day I walked in the door for my first Tops meeting in 1996. She was the official greeter and my life was blessed from my first encounter with her. I asked her one time what she wanted to be remember for . With a big smile, she said being involved with Tops and being the leader of the widows group. She was ready to enter the gates of heaven. I bet God may even name her an official greeter soon. Loved my dear friend and will miss you dearly.

I had the great privilege of growing up right next door to Mrs. D. I can quite easily say that she was one of the kindest souls I have ever met, while also being a fantastic second grandmother to my big brother and I. She was truly a saint. She loved so well and was loved by all those who knew her. My love and prayers go out to her family at this difficult time.
