“ I've known Anne for 34 years.
She had such a wonderful smile and her laughter always lifted me.
I had the pleasure to be her stylist all these years and will never forget how wonderfully kind she was to everyone.
She taught me so much about life and how to live with a graceful strength.
My heart aches that we will never have a meaningful conversation again.
She always said "There is no one that can do my hair like you Lynn."
No matter where they moved she continued to drive to see me and there is no greater compliment that I could ask for.
I'll miss you on this earth Anne but I know I will see you again.
Love you!!

“ The first time I met Anne she was in distress. After that first meeting we became good friends. Anne had a great sense of humor & we talked about taking our "Thelma & Louise" trip. Every time we were together, we joked & laughed. One of the last times she could still communicate, as I was leaving, I kissed her on the forehead & told her I loved her. She said, "I love you too". That meant the world to me. Anne suffered a long time. She did it with dignity & an inner strength. I know in Heaven her body is perfect without pain. Her friendship blessed my life, her family has blessed my life. Anne, I'll see you later. I hope you'll meet me with a smile like you always did. I'll miss you my friend.

“ I cared for Mrs. Anne through loving care. She was fun to be with. I learned a lot from her and I think I taught her a thing or two which surprised us both. She will be deeply missed. And I am blessed to have spent time with her and to learn from her. Until we meet again Mrs. Anne all my love.
