“ Jeff and I were childhood friends and the usual teenage guy mischief. He will definitely be missed. It's been a couple years since I last saw him. We have been thru many things.

“ I will miss Jeff... He was a dear friend over the years. Jeff and I did many things together as we both liked to fish and did some traveling around the Ga. rural areas together. Because of him I got to know his family and became close to them. I Loved his Nanny Morgan and his Uncle Gerald. Jeff and I met at the old Joan Glancy Hospital where we became friends. He had a lot of qualities like my only brother as he was very hands on with tools of many trades. We shared some Holidays together...he knew all my family lived out of state and that meant a lot to me. Decorating a Christmas Tree together and exchanging gifts was very thoughtful of our friendship. His gift will always remain very Special to me. The pictures of our adventures and our memories together will be forever dear to me. I will hug him my heart forever... He didn't tolerate conflict and he mined his own Business. This I respected of him. I am grateful to have known him & I understand now why our paths crossed. I am glad I got to visit with him and his sister Gena at her house the last time I saw him & in our conversation I said God Loves YOU. I am glad those were the last words I got to say to him
