“ Alex was an outstanding member of the team who always had a smile on his face. Alex was the one we could always count on to troubleshoot database issues/errors. He had the extraordinary ability to make quick decisions during problem solving and had the ability to understand issues very quickly. Alex always took full accountability for his work and actions. Alex was a wonderful employee who understood the meaning of the word "team". Besides being a great team member, Alex always made us laugh with his sense of humor. He was also a good friend to many of us and was a great colleague.

Our heartfelt condolences to Alex's Family and we wish them courage and strength to bear this irreparable loss.

Though i never got to work with him, we knew each other as colleagues and whenever we passed each other, either in the hallway or in one of the break rooms, we exchanged pleasantries. My deepest condolences, and prayers to all his near and dear ones during this difficult time.
