“ *My name is Phil Smith. Anna you, were the apple of his eye, to say he swelled with pride with the mention of your name is an understatement. A few days before he passed, he was telling me about your trip to Disneyland in California. You may not remember, but he did and he just laughed and smiled. Glenn, he loved coming up to see you and playing golf with you. Operative word is he loved you. Also, he loved the Steelers, Pirates, Little League World Series, and Love / Hate Relationship with Braves. Dale, was a good man and I was better for knowing him. We were both Motorcycle riders. He understood it was about the ride not the destination. He fondly reminisced, about riding with his buds and swapping rides along the way. He with a 750 Kawasaki and they with Xs650 Yamaha. (The Yamaha's vibrated a lot, I know from personal experience, I still own one.) He was proud of being in 2 or 3 segments of "TORA, TORA, TORA" I've seen it and him, several times and it makes a good story. Dale, my friend you are missed. God Speed*

“ I work at Nalleys for years and when ever I would be closing like clockwork he would be there an hour before closing. He would tell me how crazy people are down here when it would snow and tell me about the beauty he would see riding his bike through the mountains. He gave me a ride home for 4weeks straight in 2013 because my car was not working. He would help anyone and never asked me for anything but good conversation. I will miss Dale my friend.
