“ Man where do I start this . You were and always have been my rock and bestfriend . Life with you was a constantly a sister ship . We faught like sisters and love eachother just as much . You will always be auntie Amber to the 3 little girls you got to watch me create . One thing I always knew was we had eachother back . One good memory I can share is when it was December freezing cold outside and some how we convinced my mom to let me go and your parents to take us to Panama City Florida in December lol . 😂 we had the best time . Man did we give our parents are run for there money growing up though there was so many phone calls back in forth about us sneaking out and doing teenager things . You were there for me during the hardest times of my life and I will forever be grateful for my sister from another mister . You were there when I had a car accident or when I had break ups and even when I went through my divorce and for that I will always be thankful I love you so much Amber fly high my beautiful bestfriend ❤️

“ It is easy to be pleasant when life flows like a song -

But the person worthwhile is the one who will smile

when everything goes dead wrong.

For the test of the heart is trouble, and it always comes with years -

And the smile that is worth all the promises of earth,

Is the smile that shines through tears.
