“ Angel was my aunt, my best friend, and my other mama and I would do ANYTHING to bring her back but I can't. When saying our last goodbyes it hurt me so bad I was crying and screaming and couldn't breathe just hoping she would come back but knowing I couldn't and I would have to live without her forever. But what hurt me even more was hearing her two babies crying and screaming begging God to let their mama come back! We love you angel baby! We all are going to keep on keepin' on because we know you wouldn't us to give up but it sucks!

“ The best memories I can share is..one day we both were feeding and watering a bunch of roosters. While doing so we come up on some baby chicks...and of course is mother. We both looked at each other, and started laughing cause we knew what was about to happen...that hen chased us a good 40 yards. Luckily we got away and didn't get hurt. Every time I saw her after that,,we would always just start laughing.

I knew her dad and mom. Angel was a beautiful girl and grew into a beautiful lady. I'm so sad for your loss.
