"Ann Fraps Gaul and me want to extend our love for "Babs" and her family in this moment of joy for her return to God and other members of her family who left us all a few years back. Ann and "Babs" enjoyed working with each other and all of the other girls in the Southern Bell Accounting office in Savannah for at least 10 years back in the late 50s and early 60s. We always enjoyed meeting for lunch with her for the next 50 years when Ann and i returned to Savannah to visit Ann's family. Peace to "Babs" at her new home! Love, Ann and Don Gaul
