“*Mama, I love and miss you so much. There is an emptiness that I never imagined I would feel since your passing. I scooped up your camera and I will continue taking pictures. Say hey to everyone up there for me. Give grandmommie a hug from me, and eat a slice of that applesauce cake. I find peace in knowing that you're not hurting any more, I know those last couple of years were hard. I'm so thankful I got to spend the time that I did with you and I'm hanging on to so many good memories. Thank you for giving me a sense of adventure and wanderlust. Thank you for loving me. Thank you for making sure every Christmas was special. Your love and comfort will not be lost in this world. Until we get to race go-karts again together, I will miss you every day. Amazing grace.*”
