“ *Life is so fragile. I admire you so much Claire for your strength and devotion to your family and friends. When we lose a life we remember how very important those still living are to us. I just want to take this moment to thank you for your friendship over the years. I am so sorry you have to deal with the death of a child. I know God will help you through this as will all your friends who care so much about you and your family.*

“ *Dear Dees Family,*
I was so saddened to hear about Blake. Even though we know he is in a better place he touched everyone in a special way. He knew he was dearly loved by his family. We never realize the gifts our special children bring to us until they are gone. We are all better people because you shared Blake with us and you were persistent in giving him the best life possible. You are in my thoughts and prayers.
