“ Thank you to all of you who have reached out to our family over the last 24 hours...we are all hurting pretty bad and ask for your continued thoughts and prayers. We are blown away by your support and love but still hurting

*My father was my idol, my hero and my role model. A true original who had no idea how many people he touched or influenced, whether through his kindness, his genuine care for other people or through his music. He taught me so much..to respect the game of baseball and respect others, to love the outdoors, how to be a man of my word, how to be a man of courage and strength. How to be a loving brother, a devoted husband and father. He pretty much showed me through his actions and not his words, how to be a REAL man.*

*I only hope I can be half the man he was.....I love you Pops..*
