“ *Please except my condolences for your family. In times of deep sorrow God's word can provide comfort and hope. He has promised to do away with our enemy death- Revelation 21:4. He also promises to bring back those whom we have lost to that enemy- John 5:28,29.*

“ *So sorry to hear of Bonnie's passing. She put up a good fight with all the health problems she had. I'm sure she is resting in peace now. She moved into Park View one week before I did, we had some close times and she was a very helpful person to others when she was able. I will have you and your girls in my prayers and thoughts during this sorrowful time. God bless you.*
