“ *My sister and I have a lot of things in common. One to mention is a kind loving heart for others*❤️

*A short time ago, I took a trip to Jefferson where she lived and took her some hats and scarves to cover her bald head like mine, she already had a basket full.*

*You see, we both took on a new look in this chapter of our lives and shaved our heads because of the impacts from cancer treatments. We were two beautiful chicks, we laughed about it.*

*I love my sister very much and will miss her in this lifetime but will see her with our Heavenly Father*❤️

“ *I love you Aunt Brenda, my Favorite Aunt of all. You were so strong taking care of your husband, children and grandchildren while working a very physical job. You were a Godly woman and the dying Art of what true Parenthood is about. You are a survivor of many hardships, losses and struggled with health. I will see you again one day and tell Uncle Donald my tomatoes never looked as good as his. I am great full for the many things he taught me. Love and Peace be with this family*
