“ *Charlie was one of the few Young Mans that was always respectful towards me on the Football and Track Team. Even though he didn't talk much, his facial expressions will tell you a lot. He always had a smile on his face. RIP Charlie I'm sure you'll be miss forever.*

“ Charlie had a very inviting smile. He had a soul of gold. Charlie has been my son's best friend for many years and over those years he definitely grew to be like a son to me. He had a very unique laugh and his silly personality has made us laugh many times. We have watched him and my son play many football games together and was even on TV in an All American game together and they both scored in that game and they thought they were something special that day (as they should) Charlie has attended many beach trips with us and let me tell you it was never a dull moment with them guys 😂 so full of life, love and energy. One time him and I and my son Zay broke down coming back from Middle Ga college and we had to wait hours for someone to come help and it was very hot outside that day but that kid never complained once he was very humble. We will miss him so much around our house !! We will definitely keep his spirit alive by the many many many memories we have of him and pray his soul is at peace. Rest in paradise Charlie, until we meet again 🙏 thanks for the brotherhood you gave to my son we will cherish you forever 🕊️

“ I had the pleasure of going to school with charlie at the private school, charlie was the little brother I didn't have! Always a helping hand and always there with a big smile on his face! I am at a loss of words for how unfair it is for him to have lost his life at such a young age! I have a video that I found on my phone from a memory of a year end school trip that we all went on and chuckles had gone out and roasted marshmallows for me and one of the other girls just because he wanted to! You will be missed chuckles!
