“ *Bob and children, I did send a message on the guest book...it really says it all..at least all that I can say now. I know Charlotte's time was approaching but it really doesn't matter, because I still hoped she would get better and be with us for many more years. She will always be a part of my life...I treasure the times we had together and will also think of her everytime I enjoy one of her gifts...the necklace is particularly special but also my immersion blender...she would get a laugh from that I know. I will be in touch personally and hope we can get together soon. With much love and a mixture of sadness and relief...Joan and David Ussery*
