“ I am still in shock, over hearing of Cheryl's passing. I was blessed to work with her back in the day- and she always brought her bright smile and great laugh with her to work each day. Once the company we both worked for folded, we did go our separate ways, but thankfully for Facebook, we kept in touch. I was glad when she decided to move and live close to the ocean- as she was so happy there. My heart and prayers go out to her family- she loved them all so deeply.

“ I am so stunned and saddened to hear of Cheryl's recent sudden illness and passing. I have many fond memories of Cheryl, but the ones that stand out and foremost are of her love and unconditional support of her family and children. When it came to her family Cheryl was the real MVP! She was kind, sincere, and had the most amazing smile that would feel like a hug when you experienced it. What a true blessings she was, and as it was to know her 🙏😊☐

“ I was blessed to know and work with Cheryl as far back as when she and Rick started having kids-who were all the light of her life; I could fill an album with all the family pictures. Too many laughs, memories, and stories to list but my deepest condolences to Gary, Mason, Morgan, Preston and her granddaughter Raelynn who she was beaming over when we'd talk.

Godspeed to you, my old partner in crime. I'll never know a more caring and generous person with a bigger heart than yours.
