“ Courtney Waithe

“ On my first day at Broniec, I had the opportunity to sit with Courtney for a bit while he set me up on my new laptop. I will always remember how welcoming and helpful he was. Over the years I interacted with Courtney quite a bit when I ran into trouble with my laptop and as he would assist me remotely, we were able to have a quick chat and learn a bit about each other and our families and I enjoyed hearing Courtney speak both proudly and fondly about his family. I will miss these little chats with Courtney. To Courtney's family, please accept my heartfelt condolences.

“ I made a mistake. I noted that he will be missed by Merlyn, but she is Courtney's mother. I know she will miss him too. Abigail is his wife. If this can be corrected, please do so.
Thanks

“ Courtney worked in the MIS Department of Broniec Associates. I do the monthly newsletter for the company and occasionally would call Courtney to come over and fix my computer when it was acting up. Courtney was like a breath of fresh air when he came by. He always had a smile on his face and he laughed often. His favorite topic was his family. We (my husband and I) loved hearing about the baseball teams and other activities that his children were involved in. I think also that Courtney helped coach the baseball team that at least one of his children played in. He always got my computer fixed pretty quickly. I admired him for his skill at his job. We always felt better after Courtney came by. We will miss him very much. My deep-felt condolences to Merlyn and her precious family.

“ *My condolences to the entire family. I worked with Courtney and he was the friendly face at the office and a pleasure to work with every day. He was a doting father and husband, always proudly talking about the love for his family. We are going to miss him at the office.*
