“ David and his son and I co worker were not only customers of mine but became friends over time. David was a good listener and a good friend he would call at all the right times and we would bounce ideas off each other. out of the blue the calls stopped and I was unable to reach him anymore. my worst fears turned out to be true. rest in peace david until we meet again you are already Terribly missed .

“ So. I only met David through a mutual vintage Toyota RV addiction. I did not know him particularly well - but I really appreciated the time I did get to spend with him. I'd reached out to him a few times recently and wondered why I hadn't heard back - and then a google search revealed my worst fear and brought me here.

Gut punched. So sorry for the loss but am grateful for the time I did get in with him. I loved his no-nonsense approach - but though it all I really felt his kindness. My wife and young son did as well.

He was good people.

“ I haven't talked to uncle David in at least a year and I haven't seen him in over 10 years, I have alot of childhood memories of him when I lived in Florida and I would go over to his house and play with Brittney, it sucks that I only really knew him as a child and not that much as a adult, I would talk about you even when I didn't even talk to you, I would just tell people how amazing of a mechanic you were and I swear someone in the family told me you worked on the James Bond car for the movie and I just told everyone that my uncle worked on that car and I would show them all the cool trucks you rebuilt on your pictures, I love you and I will miss you uncle David

“ "I'm shocked and sad to hear of Dave's passing. I always thought of Dave as a good friend, although we hadn't seen each other much lately. I got to know Dave when I lived at The Farm on Bethany Church Rd. He was around a lot and I loved to talk with him, mostly about cars, metal working and just things in general. We spent hours in the shed working on my "Granny Car" and I learned a lot from Dave, Dewie, Britt and others. It was a special time for me personally. Dave was such a good person, you always knew where you stood with Dave and I respected Dave immensely. He will be missed by myself and everyone who knew him. Just a really great guy whom I was lucky to know. Rest in Peace Brother. My heartfelt condolences to Dave's Family and friends. Steve Swieter

“ David: you always reminded me of a blond Elvis Presley...so handsome. And your smile would light up a room. I'm so very sorry (utterly tragic, really) that you weren't able to enjoy this life on earth longer; you were way too young. But from all of your FB posts and those posted by your family, I am so very happy you were able to cram so much life into those years. You are so very much loved; you are a light to your Mom and sisters and even though I didn't really get to know your children, I can see from all the pics/stories that you were a great dad-full of love. My faith tells me you are with your Dad - another great man. Rest easy, David. 🙏❤️

“ *My baby brother was the light of my life since he was born. We never fought and I always tried to look out for him. He was so smart, funny, loving, compassionate and wonderful man. Just like his Dad. There are no words to describe our pain of losing you. Daddy has you in his arms again. I love you both.* ”

“ *We all have so many memories of David and the one that stands out for me is the day he had Brittany, Matt, his grandchildren & his best friends to his home. He had made the largest slip and slide I have ever seen, David never did anything little this to was one of his grand gestures It was 6ft wide by about 100 feet long and we all played & laughed out back all day long. My heart will smile & I will never forget his voice calling me “Kid” and he was the baby Brother of me & my sisters. I want to send my deepest sympathies & much love to my dear mother (Judy), Mathew, Brittany, their families, my sisters (Robin & Lisa) and to all his many friends. He will be missed dearly by all, I love you David.* ”

“ Never thought it would be difficult to open my refrigerator door and see your favorite dinks that you would bring to my house. I can hear you saying " Dont talk to me about that damn Monte Carlo" or " this is the last time I'm working on a BMW " I Wish I could have spoke to you last weekend like we spoke almost daily. You are a great friend and would help anyone anytime. I Feel like I'm going to wake up from this nightmare any moment, I can't believe your not here with us anymore. We all miss you so much. RIP

“ Daddy,
I wasn't ready for you to go. There were still so many things for us to talk about. You showed me how to love and always told me how proud of me you were. No one can beat your great big bear hugs. You were my best friend and we could talk about anything. You always made me feel so special. I miss you already. You'll always be in my heart ❤️.

“ My baby brother was my joy since he was born. We didn't ever fight. Anyone who knew him saw him for the kind, loving, compassionate, funny and talented man he was. I just hope that someday the hole in our hearts will heal just enough. He was loved so much and will be missed. He affected everyone he met. May he rest in peace and in daddy's arms. I love you.

“ I remember growing up with David. We all used to go over to his house and go swimming and me and David would ride his dirt bike around my auntie and aunt's property. His oldest sister had a horse named king and it was kept on the property in the barn. I will miss all the great memories of you David. You even came to Elizabeth and my wedding. you were always fun to have arond but as we grew older we grew far apart.i will cherish the time we had together on the lake in your little boat and everything else we did. Say hello for me when you get up to heaven. Love you like a brother.....James and family

Aunt judy I just want to say I am deeply sorry for your lose. David was a great cousin whom he got to share in my special day when I got married 32 years ago. He was the life in the party. I will miss him very much. It seems as we travel through life we grow far apart from one another and sometimes lose touch with loved ones. I will always remember both you and Uncle Ray for all you did for my mom and us.....I miss you also Aunt Judy. Love you so much and miss the whole family

We just learned of this very sad news. Davie and our son Jack were close friends for many years. When we lost Jack in March of 2019, Davie (as we knew him) came down to Englewood and was part of Jack's "celebration of life". He brought Jack's truck back to Georgia and got it back in shape. Last time we spoke he had finished working on it, still calling it "Jack's Truck".

Davie always phoned us in remembrance on Jack's birthday and on holidays, to see how we were doing, and stopped over when he came to visit his parents...we were so very sorry to hear of his father's passing when we found out. Davie was a sincere, good friend, to not only Jack, but us as well.

We spoke around Christmas, but then didn't get the usual birthday call...and now know why...because he never forgot.

He will be so very missed by so many! Our condolences and prayers to his Mom and family.
