“ *Debra was my cousin. Growing up as kids we were always together so she was like the sister I never had. Always playing at her house and spending the night together. Since we are only 4 months apart we were always in school together too. She was such a big part of my life because her dad and my dad were brothers.*

Debra will always be missed . She loved the ocean and the only reason she didn't move to Florida was that she loved her grandkids more . They were the light in her dreary world . May she rest in the arms of God .
