“ *Dot has moved from this earthly home to her Heavenly home where there's no sickness, sadness, suffering or struggle. I have known and been friends with Dot since second grade and even though we didn't see each other too often, we talked and kept up with each other. I will miss her terribly but am so glad she will suffer no more.*

“ *Growing up around Dot was a happy time for me, she and Curtis would always make me laugh. It is a shame more people are not like Dot being happy and loving people as she was, Dot is now one of God's special angel with many crowns.*

“ I will always remember Aunt Dot and Uncle Curt coming over to our house. There were so many good times and lots of laughs. She never , never let me go without a hug. My families prayers go out to Trish and Chris and their family for the sacrifices they have made to honor their mother and brother during the last days of their lives. I could write many many pages to cover the memories we had of your family. I could not end without mentioning "The Ponderosa" God Bless You.
