Doreen was a doting wife, mother, sister, aunt, baker and friend. In 1973, Doreen and her family moved from Ohio down to Tucker, GA where the Basile family took root. She had no idea she would fall in love with the neighbor boy around the corner who was the love of her life Dennis. She put passion into everything she did. Her marriage to Dennis, her children Kelly and James, her growing extended family, any job she did. She especially enjoyed her time at Killian Hall where she met with and worked with so many lifelong friends. At Killian Hall her creativity flourished, she made hundreds of weddings and other events so memorable.

Doreen was a woman of immense faith. She was in church nearly every Sunday. In her youth she was extremely active at Holy Cross Catholic Church. She was heavily involved in the teen youth group, the choir and participated and supported in the church theater group. Later in life she and her family moved to St. John Neumann where she taught seven years of PSR. She loved the Lord so much and wanted to spread his word, that she taught so

many children and helped strengthen not only her faith, but their faith. After she moved to Sugar Hill, GA, she loved going to Mass every Saturday at St. Benedicts in John's Creek.

Doreen was a fabulous cook and the family baker. At any event, she would have baked several platters of goodies and desserts. Especially at Christmas time. Doreen would spend days baking, icing, sorting, and then assembling a variety of cookies, brownies as well as other baked goods into trays. These would be given as gifts made with love that would also become a staple of every holiday gathering that generations of her family loved and continued to request. These trays have become a Towhey/Basile family holiday tradition that once done by one woman will now take a family to keep alive.

Doreen put so much love in all that she did. When she discovered something, she learned everything she could about it and then would teach everyone else. Especially games. Card games, pickleball, trivia. Doreen loved to be the hostess with the mostest. She always payed attention to the finite details to everything and made sure everyone had a great time. Helping others gave her such joy. She was proud to be an advocate for those in need, she was an angel on this earth.

“ I've known Doreen for 50 years! How is that possible. She was gifted - in so many ways. One of the funniest people I have known, with such a big heart and so much common sense. She was one of my sister Kathleen's dearest friends. Doreen, Kathleen, Mary and Sue were the 4 musketeers. Friends for 50 years. She will be missed by so many whose lives she blessed with her presence.

“ Doreen and Dennis visited us in Ohio this past October. We were going out to dinner we all got in my suv and I backed up. Doreen said "you know you just hit your husband's truck" she knew the truck was there didn't say anything because she thought I must of had a way around it. I didn't even know the truck was behind me. I love that girl. She will be missed. ❤️🙏

“ I was so heartbroken to hear of Doreen's passing. She has been my co-worker for some time now and she was always the first to jump in and help. She was a hard worker and always eager to learn. She was intelligent, kind, and all around a great person. The impact of her loss is still felt within our team. Our team was lucky to have our lives touched by such an incredible person.
