“ *I am so sorry to see that dear Elena passed away. My mother was Harriette Baccus, who worked with Elena and who cherished her friendship. Both my parents were very fond of Elena and Peter. The last time I saw Elena was at my mother's 85th birthday on April 7, 2007. She was radiant as always. She may have come to Mom's funeral--I can't recall. Please accept my condolences on behalf of my family. God bless you all.*

“ *The world has lost a beautiful soul, she was beautiful both in and out, I was your caregiver but you would always ask how I was doing and if I was ok. I remember her gentle smiles. She never got upset but will always smile and say she's fine. Ms Elena, you will be greatly missed.*

“ Ms. Elena, as I called her, was such a positive influence on all of the Amazing Care ladies who were involved with her care. She was bedridden and barely spoke, but when she did, she only poured out appreciation for anything little thing we may have done for her. “ I am happy to see you.”, “Thank you very much.”, “You are so kind.” were her main statements to us. Not once had any of us heard her complain of her condition, anything or anyone. She never even spoke or acted ugly in moments she might not be feeling well. When her two main caregivers called out last weekend and I decided to be there, one of them said in our conversation that Elena is such a good person that she wouldn't worry about being with her in the very last moment.

Her husband never ceased to tell us what a pillar she was in his life, Donna, their daughter's and all their grandchildren lives. We are very blessed to have known and experience her love for the Lord and for all. Rest In Peace, Ms Elena. You are greatly missed.
