

Elizabeth "Betty" Louise DeBar

October 15, 1936 - February 14, 2021

DeBar, Elizabeth "Betty" Louise, age 84, formerly of Oakwood passed away Sunday, February 14, 2021. She was born and raised in Chicago, Illinois and later moved to Richmond, Virginia where she raised three children with her husband Harry. The couple later moved to the Metro Atlanta area and eventually settled in Oakwood for the remainder of her days. She made a productive career as a mortgage loan originator. Betty loved to sew and garden throughout her life. Her greatest happiness was being with her four grandchildren and family. Her strongest character trait was her constant desire to help family and friends and put others before herself. She was a devout Christian who saw nothing but good in others and was always willing to lend a hand. Her love of country music, especially Alan Jackson, was always present in her life. She was survived by her three children Diane DeBar, Jeffrey DeBar and Karen DeBar Putzer and her four grandchildren Dane DeBar, Meredith DeBar, Payton Putzer and Madison Putzer. Her ashes will be laid to eternal rest with her husband Harry at the Georgia National Cemetery in Canton, Georgia in the Spring of 2021.

“ Sweet Betty will be remembered as the ultimate family woman. I met Betty when I was 13years old when Pat and Karen started dating. As our families merged, Betty and Harry became grandparents to me as well. Some of my favorite memories are all the Thanksgivings we spent together. The most memorable ones were traveling in one van with me, my brother, my parents and Betty and Harry all the way to Pennsylvania and Maryland. In true Betty fashion she would take over in the kitchen and make sure everything was perfect for dinner. She did this for everyone she loved no matter how big or small the task was. Betty has gained many nicknames throughout the years. Grandma Bar and Weezie are my favorites. We love our Weezie! You will be missed and remembered.

“ Betty, or G-Ma as I liked to call her, was the most loving, caring, and innocent soul I have ever had the pleasure of knowing. She cared about her family and friends above all else. She never forgot about any of us, never gave up on any of us, and gave more than she could to each of us. She was an intellectually sharp woman who remembered more dates and stats about her family’s life than even I cared to remember. She showed a genuine interest in our lives as a 30 minute phone conversation with her was both common and easy. She will be remembered as the one who was there for every major life event and she will be greatly missed at ones in our future. I love you G-Ma and look forward to seeing you again one day. Until then I will rest assured knowing you are looking down on us and with us in spirit.

Jeff, your Mom was the kind of person who would help anyone. She had the energy of someone half her age. She loved her family and friends. She was so proud of all of your accomplishments. I know she is in heaven with Harry. My thoughts and prayers are with you.

“ My mother was a real firecracker. A helping hand and friend to all. She would do anything for anybody anytime anywhere. Very few people I’ve ever know have this remarkable selfless trait. She attended every one of our track meets growing up no matter where they were and gave us unconditional support. She was so proud of her kids and grandchildren and couldn’t wait to barage her friends with pictures from her trusty IPad that accompanied her EVERYWHERE! She did not deserve to go before her time, but I know she with Big Harry now and please give him a long hug for me. Rest In Peace Mom as you surely deserve time off from worrying about everyone else in life. I love you always. Your Son.

“ My grandmother (she would always laugh when I called her this) was always so involved in my life. When Madison and I were little we were always so excited to spend a week at grandma’s house in the summer because she always had something fun planned and always made us the best meals and desserts! I’ll miss her delicious famous brownies. She also loved her Cracker Barrel and would take Madison and I to go eat dinner there every once in awhile, that was always a fun time as she makes everything fun. We would play putt putt almost every summer with her and she was always so good while Madison and I were too busy trying to hit it as hard as we can or putt our balls into the miniature waterfalls. She would just laugh and shake her head. Then we would go back to her house and all tan at her pool while she told us the juicy details of the book she was reading. We always listened to her country CD’s in her car and I still listen to country to this day because of her. She had good taste in country artists and would blast it throughout the house when she was cooking dinner. When the tv was on she was either always watching a Hallmark movie or watching Jeopardy and of course her smart self knew almost all of the answers to the questions. She was always such a joy to talk too in person or on the phone and I’ll miss her singing me the whole song of happy birthday on my birthday. She knew how to spoil her grandchildren and shower us with as much love as possible! I am so thankful I had her as my grandma and wouldn’t change a thing with the time I spent with her. She will ALWAYS hold a special place in my heart. R.I.P. Grandmother I love you always and forever!!

“ My grandma DeBar was my favorite person. She loved her family and friends endlessly. She never failed to make you smile and feel special. I will never forget the times when she took me line dancing, mini golfing, to a Josh Turner concert and eating ice cream after every single meal. Her wheezing laugh will never be forgotten. I will cherish the memories of my sweet grandmother for the rest of my life. Her love will always be with us.

*I love you forever G-ma, give grandpa a hug for me 💕

“ My Mom was one of the strongest people I knew! She was a hard worker and fully devoted to her family above all. She never met a stranger and always enjoyed conversation with friends and family. She was the most supportive Mom and Grandma (“Gma”) of her kids and her four grandchildren. Family was everything to her and she will be sorely missed. Rest In Peace with Dad.

“ *What a precious life to take, Betty was an outstanding grandmother always wanting happiness for her grandchildren. She was as sharp as could be, never missing a detail, birthday, holiday or any special occasion. Her family could always count on her. The little things bring me joy when I think of her. Now we are all gifted with a beautiful guardian angel protecting us and watching over us. Love knows no boundaries, we will keep her spirit alive by always talking about the amazing memories she gave to us. I will love you always, Rest In Peace Grandma*

“ *Betty and I moved in around the same time, 17 years ago, just one townhome apart! She was such a ball of energy. I remember seeing her wash her car in the rain, landscape her yard herself (even though we pay HOA for yard service), going to the pool to socialize, chatting with neighbors, and always just a phone call away if needed. She and I had just had a conversation in the fall about the passing of both of my parents, and she was sad with me as Betty had gotten to know them when they came to visit from NC. Now, Betty herself, has gone to her eternal home. She leaves behind beautiful memories of how to live life, keep going and always love/help others.*

“ Betty was always there to help family and friends. She was a kind person whose whole life was filled with challenges she had to overcome. We will always remember her for her love of family who she always wanted to talk about with pride. We will miss her sweet smile and her positive attitude in solving all problems that she met in life. “ She asked for so little but gave so much. My mother in law couldn't do enough to help when I needed a break raising her grandchildren 13 months apart. I was so unorganized and when she came over she made everything alright. She was present for every birth, baptism , graduation and family gathering. No detail was missed when she was catching up on her family. She loved life and we will all miss her in ours. Rest In Peace knowing we love you so much.
