PM

“ *Last night members of our family sat and reminisced about our dear friend and brother, Ernel. Though he left New Orleans 25 years ago he was loved by us like family. We spoke with him often by phone. Our adult children remembered him as a vital person in their growing up. Anis said that he and others looked forward to becoming old enough to join his Bahá'í youth class. There will be great rejoicing by the many friends who loved him in this world on his arrival in the next world. Prayers for the progress of his soul and for the solace of the hearts of his family.*
