“ *Dear Jeffrey, Patty and Danny, Please accept my deepest sympathy for your loss. I met Esther and Dick almost 15 years ago when they attended a Lutheran Church in Lawrenceville on Buford Drive. We became good friends and shared dinner at my home with my husband Tony and then lunches at Garden Plaza when we moved. When driving became difficult for Dick, we met for lunch at TGIF in Buford for a few years. We enjoyed talking about our lives in Florida and old familiar places, as well as Our love for and trust in God. I know Dick's sudden passing was traumatic for Esther and changed her. while I did not visit her at The Oaks due to her emotional state, I have continued to pray for her, and for her wish that your family would draw close to God. I know for certain she is at peace now with Dick in our Lord's presence. May God comfort you in your loss and bring you all to know him as she and Dick did. God bless you.*
