“ *Fray Ned was the best brother in law there ever was.  
He was kind and loving to my sister Linda.  
When he proposed to Linda he also brought  
Me a ring trying to ease my being upset he was taking my best  
friend away. I was thrilled to be getting him as a new brother.  
I will forever remember him with a smile on my face*

“*Preceded in death by parents, Carl and Dean Hill and brother, Hilton Hill. Fray Ned and Dad both loved cars. I believe their goal as teenagers was to outrun everything from Duluth to Suwanee and Buford. Their conversation always turn to... “Do you remember when we.....”. Everyone would laugh and tell me they were rascals. I loved hearing about their adventures or misadventures. Granny Dean would tell me they would leave early in the morning and he gone all day and as long as they were together she didn’t worry. I always thought of Huck Finn and Tom Sawyer. Here is my memory of Fay Ned. I want to tell you a little about my Uncle Fray Ned. The story told was the mumps fell and caused him to lose about 75% of his vision and hearing. But he adapted. He loved cars. He was a great mechanic and was even a mechanic for a racing team. He loved chevys, NASCAR and the Dallas Cowboys. In his early 40s, he was diagnosed with leukemia. He started treatments and then announced he was to go to Oral Roberts University for prayer. Linda, his wife, took him and when they returned he announced that he was healed. He went into remission and never dealt with leukemia again. He received a miracle. He never wavered from the fact that he received healing from the Lord. He has been reunited with Linda and Dad today and I bet he has personally thanked the Lord for his miracle.*
