He was also an avid coin and stamp collector, but his absolute favorite thing was spending time with the love of his life, Lari Jean.

Based on Gary's wishes, the family will privately mourn his passing and reflect on the precious memories made over his lifetime.

“ Gary was the cousin that I always looked forward to being with during our annual vacations to GA. As young boys, we would get in trouble with our parents on every single trip. I have way too many memories to write about where Gary would lead me and both our younger brothers down an exciting and creative path to being in trouble !!
