“ Gerald and I worked for the US Forest Service in Atlanta. He was an accountant and I worked in Timber Management I frequently visited with him in his office to discuss common issues. One day, I visited him and he was absolutely glowing with happiness. He let me know that he had passed the exam to become a Certified Public Accountant. This was an extremely difficult task and his big smile exemplified his joy. He was my Sunday School teacher for several years until he moved to Suwanee. We stayed in touch and shared joyful memories until his untimely death. He is now in Heaven, rejoicing with Jesus and the Angels but I still miss my friend.
