Glenna enjoyed cooking wonderful meals for her family and we loved eating them! She was great at crossword puzzles, one of those people who did them in pen. She loved watching movies and crime shows but probably her two favorite hobbies were reading and traveling. She read every night before bed, and we have the library to prove it! She went to many wonderful places around the world with her "sister" Wanda and said Italy was her favorite. She had many things she loved to spend her time on but by far her favorite way to spend her time was with her family.

We were all so very lucky to have a Mom like her, a wife like her, a sister, a grandmother, a great grandmother and a friend like her. Thank you Mom for

being all that you were for all of us. You and Dad were the best of us. We love you Mom.
