“ *Jack Register was my Uncle . He and his Wife Eloise were wonderful people. They were very close to my mother and family . They always had a huge garden and always enjoyed working it and had many flowers in their yard. To say they will be missed would be an understatement. Jack was so talented working with wood and was nice enough to make unique and very special pieces of furniture for my grandchildren as well as myself . Pieces like that you don't take for granted because they were made with loving and caring hands. We will all cherish their kindness and many supportive and loving memories. Blessings for his family. He will truly be missed but what an amazing person to have known.*
