“ I was a student of Mr. Bremus in Westfield high school in 1978. He inspired me to major initially in environmental science in college. He further nurtured my intense love for science, and I am now 30 years into a satisfying emergency medicine physician career. He and my then lab partner Butch Woolfolk used to tease him about his lisp, but also how good he was as a teacher during our great class trips. I thought of him often during my life, especially his style of teaching during my brief high school bio/chem teaching career. He was a great role model for kids. I am sorry to see he has passed away, as I just now thought of him again and discovered he had.RIP.

Thank you so much for remembering him, I'm one of his grandkids and I often think about him and sometimes come back here to read the messages people left with memories of him. He was a wonderful man and I miss him dearly. Just know he passed surrounded by his family and in no pain.

“ Greg you will be sorely missed. You were a great colleague, friend and confidant. You served your students and colleagues well as our Building Representative and Speaker of the Delegate Assembly for the Westfield Education Association. We shared a long career together for well over 30 years and I enjoyed having coffee with you every morning. We both graduated from William Paterson University and had many of the same professors. You were a dedicated teacher and touched the lives of thousands of students. May you rest in peace. Mike Seiler

“ Greg, I will miss our lively Sunday discussions of the Gospels or Jesus Calling that day. I enjoyed bringing you Holy Communion every week. And I am so glad I got to know you. You touched my life. And you were a pretty good Bingo player!!! Paula

“ Greg I will always remember that you were a great one for lively conversations when our families all got together. You made my wedding so special as you ran around the church to find places to take good photos! They are the only ones I have so your work meant a lot to me. My wish for you is that you've come to rest well!!

“ Greg, you were always good for a lively conversation during family events! And I remember how you took the pictures for my wedding and managed to cover all the best spots at the church! They are the only ones I have had all these years! Rest in peace knowing there are many good memories and thoughts of you over the years.

“ Dear Uncle Greg.. so many memories and it still feels you're gone too soon.... One of my favorite memories with you will always be hanging out together outside the bars in Athens the weekend of Scott & Kathy's wedding and Heather's 21st birthday. You stood outside with me since I wasn't 21 and had a fun time together. I'm so glad I got to see you the last time I was in Atlanta. Wishing all in the family peace, comfort and strength while adjusting to life without you. Love, Melanie

“ Sorry for your loss. I am a resident of the Oaks and had the grand pleasure of meeting and living by Gregg. We had some great conversations about all kinds of things. I enjoyed talking to him very much. Also we played a game called Rummykrub. He was a good player but took his time. No one minute rule for him. He will be greatly missed. For one thing he always laughed at my jokes even according to him I had a twisted sense of humor. Rest easy my friend no more wheelchair or falling off the bed. Just plenty of time to read what ever you did for hours on end off your phone. Leo Bowersox
