“ *Harry was a patient at my chiropractic office for many years. He was such a kind and sincere man. He brought laughter and smiles whenever he came to the office and made everyone around him happy. My staff and I loved him and we are very sorry for the loss. We will miss Harry very much, but are thankful for the time we had with him over the years.*

“ *Always a gentle soul with a loving spirit, Harry was a kind, generous man who could not pass a begger on the street without donating to help the unfortunate. Our lives were blessed to have shared so many laughs and good times with Jene and Harry throughout the years. May his many loved ones be comforted by knowledge of his faith and the impact he had upon all the lives he touched.*

*My sister and Harry were inseparable. I remember the many times the three of us went on trips and shared fun times together. He was always interested in everything and wanted to learn more about where we were. I will miss that and his genuine peaceful spirit. Life is going to be difficult for all of us who loved Harry, but I believe his sweet memory will keep us comforted and God's grace will help Jene in the coming days.*
