“ *I just came across this today and I wanted to thank you both for the beautiful and kind words y'all took the time to type out. He's missed every moment of everyday and will always be. He was such a kind and pure soul that the highest One took him back so that he could share him with eternal time, space, and energy. He is very special and everyone that meet him knows that is so. Now he's a part of everything and everyone. It's easy to be selfish and wish for him to still be with us physically. I honestly believe he is living out his destiny in helping the sun shine brighter so we can all see the beauty all around us much easier.*

Again, thank you.

“ I am so sorry for your loss and my condolences to the family. Herschel and I were great friends who went to Gwinnett Technical College together. We laughed, joked and i will always remember him for that great smile and laugh that would fill the room with happiness and hope. Words cannot express how hurt and saddened we are at the Welding program things just arent the same with him not around.I know he smiling down on all of us. Rest In Eternal Peace. To my dear friend, Herschel your memory will live on and we thank you for all that you have broughtto us. Your friend, Demarcus Jones.
