

Hyacinth Hart

August 7, 1923 - September 15, 2021

Hyacinth Hart née Prawl was born on August 7, 1923 in Port Royal, Kingston, Jamaica W.I.

The eldest of three children to Vida and Daniel Prawl, she was a devoted daughter and this devotion she

lavished on her two brothers Patrick (Bill) and Bertram (Bucket).

When she left school she worked some 30 years at the Kingston and St Andrew Co-operation as

Secretary to the Chief Engineer. She had a computerized system for remembering details before

computers were a mainstay of life. She was valued and respected by her coworkers.

Hyacinth was married to Lloyd Hart , they had two children, Judith and Donald.

She also parented three others, Veda, Sylvia and Patrick(nieces and a nephew).

She leaves behind five Grand- children, three Great Grand- children and a host of family (In Port Royal), and friends.

Hyacinth was a treasured person in her small seaside town and was Godmother to many children.

She had several hobbies that she passed on to them, including embroidery and crochet, sewing for new

babies, as she travelled by boat to and from work and in her spare time. She was an avid reader and took an interest in the society she was a part of as well as current affairs. She was an active member of her churches. At Shadowbrook Baptist Church she faithfully attended Sunday school and religious services, finding many friendships. She also attended Buford Senior center where her ability to paint became known and was a surprise even to her. She really enjoyed a good time and was a proud member of The Red Hat society. "Mama" moved to Miami Florida, then at the death of her husband came to Georgia where she spent the last twenty two years. Her final three years were at Antebellum Assisted Living. She left us on September 15, 2021 to be with the Lord. She will be lovingly remembered by her family and friends as well as the Port Royal community where she was an outstanding Icon.

“ *Hyacinth Hart*

November 08, 2022 at 07:37 PM

“ *It is with deep sadness that I also mourn with others who mourn in the passing of my dear cousin, Hyacinth Hart. She will forever be remembered for her thoughtfulness, generosity and unselfish love for others.*

Hyacinth was a constant part of my life in my early childhood. Many weekends and holidays my sister Joy and I were spent with her, and her mother, Aunt Vida in Port Royal. She also took us to Victoria Town, Manchester to visit with our Uncle Frankie. Many years later we would always reminisce on those holidays. Through her I met many extended family members I would probably not have known. I also saw the love and affection she and my mother shared. They had a real bond.

Hyacinth had so much love and admiration for Judith and Danny. She loved the grand children and great children and in recent years the little ones gave her so much joy.

I have missed her in recent years, as we never got to have our frequent long phone conversations but so glad we spoke briefly recently. Now I know I will have to cherish the love we shared and hang on to beautiful memories.

May her soul Rest In Peace.
