“ I am so sorry for your loss. My thoughts and prayers are with the family. I went to school with Jackie and also a 1975 graduate. She was so much fun to be around she shared kind words and could always make you laugh. I know she will be missed. Pam Pealock Taylor

“ I met Jackie when we were 9 years old in the hallway at Buford elementary. We struck up a conversation that was an instant friendship. Jackie was a kind and loving person with a great sense of humor, an optimistic persistence, a strong will, deep faith and resilient though many health issues. She stayed strong through the loss of loved ones and always had a smile. I know that in the days to come, I'll reach for the phone to give you a call about something as we talked to each other practically every day. It's a privilege to have been considered one of your best friends, but what a friend you were to me! A true pal and confidant. I know you are whole and free from pain but that doesn't stop me from missing you- love you girl
