“ *I could write a book about Michael as he would always have a story and a joke of the day to tell me every day and yes, I do mean every day. He was such a great friend to me from my first day working at FleetCor and always called and texted me to say what he bought me and to check on me. Michael was such a sweet and kind soul that you just had to love. There isn't a day that has past since learning of his passing that I don't think about him. I'm still in disbelief that my friend is gone but never to be forgotten. How could anyone forget him? R.I.H Michael :(*

“ *I don't have a favorite memory of Michael but I do have many very nice memories of him. I worked with him at Fleetcor for many years. Michael was ALWAYS so very helpful and would go above and beyond for all of his coworkers. No a day went by without one of his funny sometimes corny jokes. I just found out about his passing and I am so very saddened to hear about. Michael was a good friend. I'm sorry to say that we lost touch after I retired in February. He is missed by m as I am sure he is by many. I am so very sorry for your loss 😭*
