“ I can't put any one memory of ours above the rest brother. Just know that from the time we became friends in agriculture class of sixth grade, until the time I got the news, that you were my best friend and my family. This is a wound that won't heal, I can't think too much or I kinda lose my mind. I never considered the idea, that you my best friend, my family, my brother would be on a time crunch for us, and for that I am sorry. If theirs anything I could have done to prevent this, I don't know and for that I am also sorry. I love ya, and I pray that theirs someone on the other side so I can see you again my friend. Much love
