“ I remember when you came to Florida for a while. I think you were in high school and I wanted to hang out with you but I was too young and you wanted kids your own age. I was more excited for you to be living with us than you were. I also remember you putting on my dress (and it fit you), I think I was 12 or something and you were probably 22. It was short but fit you....we were both the same size... I looked for a photo but couldn't find it. Thank you for being my sister. Thank you for being kind and caring and uplifting. I miss you.
