“ I worked with Jeff. He was a kind man and loved sharing stories about his grandchildren. I always looked forward to his arrival in the office-- we'd chat for a while. I will miss him.

I worked with Jeff at the CDC. I found him to be a solid, laid back and funny guy who had a deep love of football, music and his family and wife of whom he spoke about with joy. I will miss his laugh and our conversations. Gone in the flesh but not in spirit. Rest easy brother.
