“ Jennifer was my stepmother and even though we didn't see eye to eye she was family. I hope with all things I've done in my life I have made her proud and she's up in heaven with Ken and her parents having a good old time.

“ JJ and I worked together at McDonalds. She taught me everything I knew there, and was so patient and kind. She had a great personality, was funny, silly, and a joy to be around. I hated the days she wasn't there. She made work fun. I really enjoyed her stories.
