“ *To the Bargaen Family,
I am so sad to read of Jenny's death. She was a childhood friend, co-adventurer (much braver than I was!), a bit of mischief, and a fearless horsewoman. I left Chagrin Falls in 1963 and we kept in touch sporadically through her college years, but then we lost contact. I was looking for her online to see if she was coming to the Class of 64 HS Reunion in Chagrin Falls--and found this obituary notice. My deepest sympathies to you all.

“ *We are so saddened to hear about Jen. She was a wonderful mother and great soccer mom.
I so admired her patience and love she had for you all, especially when you were all teenagers at the same time! She had a great sense of humor and a certain way about her that let everyone know she was always happy to be with you. I enjoyed the soccer games and trips we all made together. She was always a positive force with you kids and with other parents. I feel fortunate that I got to know her and her great family.
I know she will be missed, but she has certainly left a wonderful legacy behind.
I am very sorry that we will not be able to attend the services; we have another family function out of state this weekend. My thoughts and prayers are with all of you. Love, Paula Bender*

“ *To the Bergen Family:*

We are very sorry for your families loss. Jenny put her family first at all times. She inspired anyone that knew her how important it was to be a good parent and a loving wife. She went out of her way to make a stranger feel welcomed, and was always the first person to volunteer her spare time for her children's school, the community she lived in, and the church she worshiped at. Jenny's gardening ability was legendary for it's beauty and peacefulness just like the life she lead. We mourn the Bergen families loss; but we know she may not be with us in person, but her spirit, love, and strength she gave many of us, will long endure and guide her family and their descendents for eternity.
