“ *Please accept my condolences on Larry's passing. It was an honor to have known such a great guy. I was a privilege to be his manager at one time and would have replicated him, if possible. He was well respected as a Field Engineer and as a man; always supportive to his peers and congenial to all.*

May God embrace you in comfort during this difficult time.

“ *My sincerest condolences to the family of Larry Phillips. It's always sad to hear about the passing of one of Data General/EMC's family members. Larry was very much respected and liked by all that worked with and knew him. I knew Larry from working with him for many years. At work he was part of an elite technical support team. A team a manager could depend on in a crisis. And over the years I depended on him many times. He was a good man. May God bless you Larry.*

“ Please accept my condolences to Larry's family. Larry and I worked at Data General and EMC support for many years and he was a great friend. For business reasons we spent a lot of time together in Massachusetts and New Hampshire and Larry thought with his stomach like me, he always new where the great places were to eat, he started talking about supper each day about 11:00 AM. This worked for me!

Regards, Steve Coyne, Lilburn, Ga.
