“ *We are so blessed that Jirdon was brought into our family. What others have said sums him up completely and is the way he will be remembered by all...he was a kind and gentle man with a twinkle in his eye always. There are no better words to describe him. Tony will always have fond memories of the days spent on the golf course with Jirdon and will miss those times greatly.*

“ Jirdon was a great father figure in my life. He taught me principles and values that were based from the Bible. He even supported me when I wanted to play football. I have so much respect and love for him on how he treated us kids and especially our mother. He was a gentle man that loved all of his grandkids dearly, each and every one of them. He even loved and treated Meredith like a daughter even though he got to know her in two years. Meredith said that she is honored to have met and have loved such a precious soul as her father in law Jirdon Calvery. We all love you.

“ My thoughts and prayers are with the family. Jirdon touched many hearts in his life all across America. One thing I will always remember about Jirdon is though his body was becoming frail, he always had a twinkle in his eye and willing spirit. I am glad I was blessed to have known him, we all have a purpose and every event in our lives gives us the chance to touch another life in a great way. Jirdon did this with ease and it was a gift. I worked with Jirdon at Ace Hardware, many customers still ask about him and miss him, myself included. I am reminded of a quote from Mr. Fred Rogers, "When I was a boy and I would see scary things in the news, my mother would say to me, "Look for the helpers. You will always find people who are helping." Jirdon was one of the helpers, God bless.

“ Although no words can really help to ease the loss you bear, just know that you are very close in every thought and prayer. If the future seems overwhelming, remember that it comes one moment at a time. It will be the little things that you will remember, the quiet moments, the smiles, the laughter, and although it may seem hard right now, it will be the memories of these little things that help to push away the pain and bring the smiles back again.
