“ Dear Joanie..... My heart is broken and my sobs are hurting! It will not be "good-bye", my dear Joanie, because your spirit, and just the thought of you, will last forever. We were 14 together when we first met at Benedictine Academy Paterson NJ. Oh... you were so naughty, but so spirited and funny and contagiously annoying... for four years you marched on being our class clown!!! And then, many many years passed and we each pursued our blessed lives covering so many roads, beautiful people situations and having fun exploring God's wonders. Our individual families grew abundantly under God's watch and His love, but we were miles apart with too many years of separation. Upon our 50th Benedictine Academy High School Reunion, this separation ended for Joanie and I... no...she couldn't use her Airline reservation to fly up and be with us all because George was doing so poorly, she could not leave his side... but it turned out to be our good fortune because Joanie and I, from that point on, began a whole new line of endearing friendship and love...from 2006 to this sad day today that we have lost our earthly friend...so sad is my heart, my soul, my spirit...But then, how full of joy I am with just the glorious thought, that Joanie, right this very minute, has a captive audience in the presence of all of Heaven's treasured saints and angels listening to one of her crazy jokes! Joanie is exactly where she wants to be now, her place...heaven was meant for her and was waiting for her to become the newest ring leader! Just take a minute to imagine how eternally thrilled Joanie is right now in her home that she has spent a lifetime preparing for...Joanie... you radiated God's love every day of your life down here... when you met some of our kids and grandkids two years ago when we spent four amazing days together in Sarasota, they LOVED you...unconditionally. You radiated a magnetic force that just swept the kids into a fascination of wondering who this neat lady was !!! Oh my goodness, Joanie, you were so much to sooo many. I know for sure that Heaven is ready for you...because when God created you, He knew that your earthly energy would revitalize all His troops when you made your glorious entry today...enjoy your eternal bliss my dearest friend and please keep our seats warm in your new heavenly amphitheater !!! Rest comfortably in Our Savior's

Arms! Love you forever Joanie... Betty Sullivan
