“ *John was a good man, and I am deeply saddened by his death. While I may be posting this late, it is worth it to all who may come across and read this. Beth Beebout ruined him, and treated everyone around him in a terrible way.*

“ *This is late I know, but John was my bestfriend. John was my second father figure in my life and i told him everything about me. I loved him more than anything in this world and i dont know what my life would be like if i didnt have him in it. Long car rides to florida and him telling me all these stories and life lessons or me laughing at him when he falls in the swampy mud while we hunt. John will forever be my bestfriend no matter what happens. I love you.*
