“ John will be missed by a lot of us. I got to know John years ago through his work at Lester's. As time progressed he ended up being the guy that always worked on my cars. He loved my wife's brownies and we almost always took him a pan when we would pick up our car. If we forgot, or picked up the car when we had not been home to make brownies, John wasn't shy about wanting to know when the brownies would arrive. Over the years while he served as my mechanic, we became good friends and John became far more to me and my family than just the guy that knew how to fix things. We all loved John and truly appreciated him for the man he was. I know my family and I will truly miss him. I know too that his family had received a severe blow. Please accept our heartfelt condolences in your loss.
