“ We loved touring the Harry Potter and Warner Bros. Studio. The bus ride was long, but the buses were very clean and nice. It was a great way of getting to the studios without having to worry about driving or navigating the public transportation. I would recommend this to anyone!

“ Oui effectivement, l'objectif est de créer un mouvement particulier en partant d'une base existante pour éviter de faire monter les prix de façon extrême. Pour une pièce comme celle-ci l'objectif est de sublimer la beauté mécanique, la précision, les complications, voire même l'heure sont aux second plan.

“ You actually make it seem so easy with your presentation but I find this topic to be actually something which I think I would never understand. It seems too complex and very broad for me. I am looking forward for your next post, I'll try to get the hang of it!

“ *My sincere sympathies to the family and to all who loved my cousin John. I'll always remember that smiling boy who we spent summer days with along with the rest of the family at Allegany State Park, childhood family time in Bradford, PA, and the last time we shared a meal at Beefeaters in Bradford. He was a special one.*
